

2009 seeds are now available!

This year's harvest is finally winding down which means 9 of this year's species are now available in limited quantities. Those first nine species include:

<i>Achillea millefolium</i>	western yarrow	1000 seeds/packet
<i>Clarkia pulchella</i>	deerhorn clarkia	1200 seeds/packet
<i>Erigeron compositus</i>	cut-leaf daisy	600 seeds/packet
<i>Fritillaria pudica</i>	yellowbells	100 seeds/packet
<i>Ipomopsis aggregata</i>	scarlet gilia	150 seeds/packet
<i>Oenothera caespitosa</i>	gumbo evening primrose	100 seeds/packet
<i>Penstemon eriantherus</i>	fuzzy-tongue penstemon	200 seeds/ packet
<i>Penstemon nitidus</i>	waxy-leaf penstemon	100 seeds/packet
<i>Penstemon procerus</i>	small-flower penstemon	1000 seeds/packet

Packets are \$4.00 each, if you have a specific amount of seed that you need of these species, please contact us and let us know.

We are also excited to announce that starting August 1, 2009, we will be selling seed at the Clark Fork River Market every Saturday until October. Market starts at 8:00 AM and goes to 1:00 PM. For more information of the Clark Fork River Market visit their website at:

<http://www.clarkforkrivermarket.com/>.

Native Ideals seed packets will also be available at a number of locations in Western Montana, including Sam's Spade in Hamilton, Caras Nursery and Landscape, Good Food Store and The Green Light in Missoula, and The Hanging Art Gallery in Arlee.

Since a number of these species require a cold treatment to germinate, fall is the best time to plant. Be sure to check out the species info pages of our website for species specific growing requirements. They can be found by clicking of the pictures of our catalog page at:

<http://www.nativeideals.com/catalog/index.html>.

Please contact us with any questions you might have. Thanks much! We hope to hear from you very soon.

Clarkia plot in full bloom!
